## Note Regarding Exchange Rate

The above rates should not be used to estimate the exchange of New Imperial Dollars for that of another currency. New Imperial Dollars does not exchange into fiat currencies. The exchange rate for One NID is 47.10 Roubles (Imperial). This is because the currency guarantees fixed exchange in gold. According to the Law of Madinah 622c., it is prohibited to weaponize food or currency, therefore sanctions which violate these principles - issued by one government against another will not be honored or enforced by the Madinah Mission. The same is true in reverse. The purpose of the Mission is to promote peace, to do what is beneficial to mankind, and to prohibit what is harmful. The Madinah Mission operates according to a well defined set of standards already known to all governments of the world.
